

Local hero Jim Arnold Goodchild, Belize

'Give out sympathy pamphlets at a funeral'

Date: Friday, January 4th 2014

Place: San Ignacio Town, Cayo District, Belize

Short description of the act:

For my first good deed project it is very special to me; because the deceased was a good friend who I have known for over twenty years and who's family is well known and respectful towards me.

I have chosen the sister to present my poem of condolence because to my knowledge sisters also have grief as all others and this sister in particular has been very supportive of me and my work of poetry, as was the deceased sister.

Other efforts of my good deeds will be my pleasure.

(The poetry that was offered is posted on the second page)

Acknowledgement:

I would like to thank the effort of the sponsor of this good deed project. Kindly accept my appreciation as I am in full service with my talents to give peace and comfort to those who seek to find the remedy in my words.

*G*rief has no invitation

but I am here with consolation.

*Everything is for a reason
and there is a reason for everything.*

*We may not understand just what
but we must accept just that.*

*Honestly accepting what we can 't deny
and there 's no reason to question why
for when the time has come
you can 't cancel out.*

*We just got to go without a doubt
and the ones we leave
are the ones to grieve
while others who care
sympathize and share.*
