

Hello Janjoost,

It's me Nelson Claros from smiles4sale. I just wanted to greet you with a lot of love and unity for a better world because the world needs more people like you to support projects like this. Thanking you for your support and kindness. I did the magic dinner with all the love of my heart hoping that it satisfies your expectations.

There is one thing I need to tell you that I could not reach the widow but this family is very special. The reason I chose this family is because the mother had three bad marriages with three children and the last husband used to beat her and she left him since one year ago. The children didn't have a Christmas or new years so I decided to make the magic dinner for them. Hoping that you would like the magic dinner I did and I am sending you some pictures of how it went.

Thank you for your kindness, I hope to hear from you again.

Regards and good wishes,
Nelson
